

It's the year 2087. Unfortunately, humans didn't take care of the planet and the ozone layer got some holes and solar flairs hit the earth. This means that a direct sunlight on you would harm your skin very bad. Now a big hole on the ozone layer has opened above Stockholm as well. We need to quickly find a place to hide so that we wouldn't get damaged by sunlight.

WE HAVE THESE FIVE PLACES AROUND.
SORT THEM BASED ON THEIR SAFETY
TO PROTECT US AGAINST SUN LIGHT.

Thank god. Now we are safe from the sun. But it seems that some alien spaceship is coming to Earth. We need to talk to them and find out why are they here? what do they want? We need to avoid and prevent any war or conflict.

THERE ARE FIVE ADULTS AROUND US WITH THE JOBS BELOW. ONE OF THEM SHOULD GO AND TALK TO THE ALIENS. SORT THEM BASED ON HOW USEFUL THEY MIGHT BE IN NEGOTIATING WITH THE ALIENS.

Our negotiator has talked to the aliens. But their language is not so easy. We know that they are not here to have war with us. But they can help us. We need to find an object that we can gift to them. The object should show them that we are peaceful and also can describe our problem.

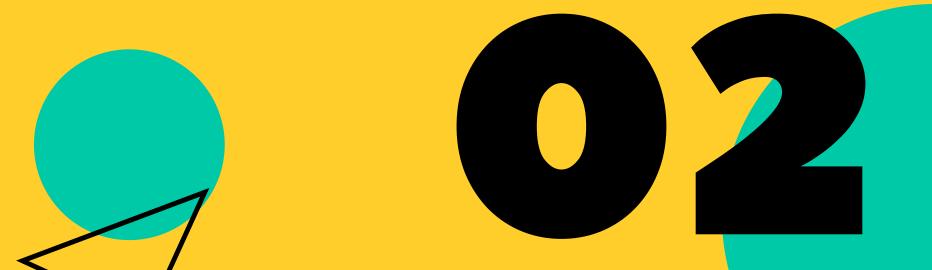

WE NEED TO QUICKLY CHOOSE AMONG THE OBJECTS BELOW A FEW THAT SHOW OUR PEACEFULNESS AND ALSO WHAT OUR PROBLEM IS. FROM LEFT TO RIGHT SORT THEM SO THAT WE CAN CHOOSE THE BEST GIFT TO THE ALIENS.

ADVENTURE

SCHOOL TRIP / 1

Next week, we are going on a mountain climbing and camping trip with the school to California. You still have a bit of extra space in your backpack. Among the objects below, choose which one is the most useful for your trip by sorting them from left to right. So that the most useful object will be on the right and the useless one on the left. Then we will check our answers to the opinion of a specialist.

Oh no! On the way to California, our airplane crashlands on an island in the middle of the ocean. Now the wings of our airplane are broken. Fortunately, everyone is safe, however it seems that a hurricane is going to hit the island. What a disaster! There are a few place you can take shelter in to stay safe from the hurricane. From left to right sort the worst to best place you can hide.

Huh! The hurricane finally finished, and everyone is safe again. But unfortunately, people are scattered around the island. We don't have much time left until we finish our food and water. We need to find the key adults who could help us. There were 5 of them in the airplane with the jobs below. Sort from left to right who is the most useful to arrange a rescue from the island for us. On the left is the person who is not helpful at all and on the right is who could fix our problem and let us run away.

GREAT JOB
